App Idea

Kirk Taurean and Kenneth Conscious are initiated shamans, Reiki Master Healers, and spiritual

alchemists dedicated to awakening divine consciousness and restoring energetic balance in

others.

With years of experience in energy medicine, ancestral wisdom, and multidimensional healing, we

work to help individuals remove blockages, awaken their higher self, and align with their true soul

purpose.

Through sacred rituals, light-body activation, and intuitive channeling, we merge ancient practices

with modern energy work—creating a bridge between the spiritual and physical realms. Every

session is more than a service; it is a sacred experience designed to transform your vibration,

open your intuition, and reconnect you with the source of all creation.
